

INOFO GENERAL ASSEMBLY

(Virtual GA - 25 Oct 2021)

Every three years, the INOFO General Assembly (GA) is held in conjunction with the IFOAM General Assembly and the Organic World Congress (OWC), which involves organic farmers, producers, researchers, advocates and policy experts from around the world.

This year, for the first time, the INOFO GA will be hosted VIRTUALLY after the Organic World Congress. Every continent will host the GA through 2 hour Zoom sessions in two parts:

- Part I (3 yearly reports, INOFO-AHA journey)**
- Part II (Future programs and Elections)**

See the timeline for better understanding.

After concluding the continental GA, the Global General Assembly will be held on 25th October 2021 to elect the Executive Committee (President, Secretary and Treasurer) and the new Council of Conveners to further INOFOs mission of uniting organic farmers and support their voices at all levels of food systems development towards producing healthy, nutritious food.

Interesting development, discussion, networking and ways forward awaits all organic farmer organisations, so join us and share your ideas during the Continental General Assemblies!!

The continental GA dates will be circulated, in the due course, by the continental secretaries.

So kindly confirm your participation to us so that we can plan better by sending a message to the following: info@info.bio
